

PERSONAL INFORMATION

Mohammad Shokrani

POSITION : STUDENT

Gender: male

Birth date: may, 13, 1998

Nationality: Iranian

EDUCATION AND TRAINING

- B.S in Power Electrical Engineering at Tabriz university
2016-2020
Top student in bachelor's degree (17.34).
Thesis title: Performance analysis of three phase induction motor using different magnetic slot wedges
- M.S in Power Electrical Engineering at K.N.toosi university of technology.
2020 -
Field of Study: Power Electronic And Drives
Thesis title: CM EMI reduction in three phase multilevel inverters applied to electrical motor drives through PWM methods
Top student in master's degree (18.2).

RESEARCH INTEREST.

- DC-AC converter and electrical drives
- DC-DC converters and its application in EVs and RESs
- Converter control methods
